

Your loved one will be delighted to receive **news from you** 

Famileo is a **mobile app** transforming digital messages into a family newspaper for your grandparents!

 How does it work?

You and your family
post pictures and messages
in a few clicks

Layout is automatic
and the **newspaper** is printed
in the community

The staff will deliver
your loved one(s) their family
newspaper every week

The + : you can follow the news from the facility directly on a social wall
